

## Strawberry Angel Food Cake Kebabs

The recipes and photography for this post were provided by local blogger, Abby Thome of [The Thome Home](#).

### Ingredients:

- Strawberries
- Angel Food Cake
- Whipped Cream
- Skewers

### Instructions:

1. Place a medium size bowl in the freezer 20 minutes prior – a cold bowl will help the cream whip up quicker!
2. Take 1 1/2 cups of whipping cream, 1 heaping Tablespoon of powdered sugar, and 1 teaspoon of vanilla extract.
  - With a whisk, or handheld mixer whip that bad boy up until it forms a luscious, thick cream. It takes about 5 minutes (max!) Beware, one you make this from scratch, any store bought whipped cream will not do the job anymore!
3. Throw these on a giant platter for a party, or just whip up a few for your family to enjoy after a BBQ!
